

OJITOS FRIOS RANCHES COMMUNITY MEETING

JULY 29, 2023 AT 1:00PM, SHERIDAN FIREHOUSE

Hi Neighbors,

Please plan to attend a special, important community meeting on the 29th of July at the Sheridan Firehouse.

The purpose of this meeting is to help us all learn how we can make our community safer in case of a wildfire.

We will be having a short presentation from Gabe Kohler, Southwest Program Manager of Forest Stewards and Fire Adapted Communities New Mexico. He is also a type two wildland firefighter. Gabe has extensive experience educating communities in wildfire prevention strategies. There will be questions and answers after the presentation.

Also, at the meeting, information will be shared about grants that are available to us for making our area wildfire resilient through collaboration with Tierra y Montes.

We can become a community of informed and prepared citizens taking action to safely coexist with wildland fire.

Refreshments will be served. Bring a chair and spend some time sharing ideas and learning what we can do together to make Ojitos Frios Ranches a wildland fire safe community.

Thank you – see you on the 29th,

Karyl Lyne, Rhonda Stokes, Andrea Mauldin-Garduno, Carol Macomber, Barbara Nash – Your Fire Safety Committee
